

Spare parts and service availability to BUCHI products

Status Color explanation

Spare parts and service available

Service available, outside guaranteed spare parts availability*

"End of Service" is near [Date]

"End of Service" is reached, parts and service not available**

* Electronics: 5 years after "end of production" / mechanical parts: 10 years after "end of production"

** Exception: If other wise indicated, or same parts are used in product that is still within serviceability
